

THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D. C. 20505

Intelligence Community Staff

18 December 1975

MEMORANDUM FOR: See Distribution

SUBJECT : 4 December Meeting on Time-Critical
Intelligence Response Mechanism

1. As discussed in the 4 December meeting, the Intelligence Community Staff is preparing a draft briefing which will present:

- a. A description of available Intelligence Community mechanisms responding to priority Time-Critical requirements;
- and b. Data on the responsiveness of these mechanisms;
- c. Currently available communications.

As a result of the 4 December meeting the following organizations were asked to coordinate the preliminary material for preparation of the briefing and to provide it to the Intelligence Community Staff by the end of the first week in January:

- a. SIGINT Committee -- SIGINT systems and SIGINT Time-Critical mechanisms (e.g., NSCO, SORS, and JRC);
- b. COMIREX -- Imagery systems (overhead and airborne);
- c. ASD(I) -- WWMCCS "Nervous System;"
- d. State -- Foreign service reporting; and

SUSPENSE DATE _____

IC Staff received 1 cys -
furn offices circled.

1-2+3

Al Hall has written the DCI suggesting the need for a Community mechanism to improve the responsiveness of satellite collection systems (photo & SIGINT) during crisis situation. ICS has the action in providing a response and disseminating additional copies in the Community.

We need to establish a principal action officer within the staff. It cuts across a number of Staff functions and could be handled on a task force basis. I will have copies available for distribution at the Tuesday morning staff meeting.
